

Storm Deluxe Residential Ozone Laundry Unit

Commercial-Grade, All-in-One Ozone Laundry System for Residential Applications

Engineered for home use to give you far better results from your laundry and significantly reduce your environmental impact at the same time. A Win-Win for you and your family!

The Green Laundry System² **Storm Deluxe** is designed to work with all residential washers, including HE washers that use less water than conventional top-loading washers

The Storm Deluxe will deliver multiple benefits to *your* laundry

Including:

- Wash Everything in Supercharged Oxygen – like using industrial-strength Oxy-Clean
- Supreme Deodorization – eliminates troublesome and persistent odors from BO, Smoke, Food, Mold and Mildew, Pets, Storage, Age, Misbehavior, Etc., keeps HE washers smelling good too
- Scent Crusher/Eliminator – fully deodorize your hunting gear and other important items
- Superior Sanitation – ozone is the most powerful sanitizer available – kill the germs in your laundry without polluting your home with nasty, cancer-causing THM's created by chlorine
- Get clothesline-fresh linen without perfumes or other chemical residues: like Nature intended
- Anti-Sour – keep clothes from souring far longer because mold spores are destroyed with ozone
- Huge Reduction in Chemical Use – reduction in detergent use of 70% or more and elimination of chlorine bleach and fabric softener is highly recommended to eliminate harmful chemical residues, improve your indoor air quality, and achieve a superior finished product
- Softens Water – permanent magnet softens water to provide supreme cleansing action
- Fluffier Towels – removes built-up chemical residues, revitalizes your towels after a few washes
- Eliminate Chemical Residues – huge reduction in chemical use means nothing is left over to hang on to the fibers in your clothes, sheets, and towels; they will have virtually no chemical residues
- Hypoallergenic – eliminate skin reactions by eliminating fabric softener and most chemicals
- Save Surface Water Supplies – greatly reduce chemical burden to our surface water supplies
- Eliminate Chlorine Bleach – far-reaching health implications by eliminating a primary source of indoor air pollution – chlorine bleach in the washing machine
- Energy savings – slash your hot water use – wash in cold water only; shorter drying times

- Reduce Your Carbon Footprint Significantly – no hot water means no gas or coal is burned to heat it; fewer chemicals means less energy is used by the industry that brings them to us; longer lasting linen means fewer resources are used making more to replace it
- Reduce plastic waste – using far less chemicals means fewer plastic bottles going to the landfill
- Clothes and Linen will Last Longer – cutting hot water and harsh chemicals can double linen life
- Simple installation – Units can be installed in 30 minutes or less by most people
- Delivers 0.8 to 1.5 parts per million of dissolved ozone to your washer
- Digital Readout – clearly shows status of all operating parameters, with leak detection indicator
- No maintenance required

Technical Specifications:

Model	GLS ² Storm Deluxe
Electrical	100-240 VAC; 50/60Hz
Water Pressure	20 – 90 PSI
Water Flow	4.5 Liters per minute
Dissolved Ozone Concentration	0.8 – 1.5mg/L (ppm)
Product Certification	CE RoHS
Energy Consumption	25 watts
Estimated Lifespan	5 years
Product Dimensions	18" x 9.5" x 3.5" (457mm x 241mm x 89mm)
Net Weight	4.2 lbs (1.9Kg)
